Purpose and Primary Mission of 501(c)3 non-profit: EveryoneGetsHome.org

Please make all donations via PayPal.com: <https://ToMakeADifferenceForOthers.org>

...upon the **Primary Mission** to ensure <https://EveryoneGetsHome.org>. To assist the loved ones of our Fallen First Responders in which their absence resulting from their ultimate sacrifice to serve others is never experienced as a financial detriment. And especially important, the fiancé of a Fallen, who lives with the same shattered heart, mind, and soul yet only worse because they receive ZERO Death Benefits upon a simple date not yet expired, shall receive the same financial assistance as though it had. All upon this opportunity to evenly divide, or at the donor's discretion, to support any one (1) or more of the seven (7) organizations previously established to serve our heroes and their loved ones upon their ultimate sacrifice as well.

Please don't hesitate to donate to any or all **nine (9) worthy non-profit organizations**:

1. FallenFiance.org, to support the fiancés of our fallen. To provide ALL benefits otherwise offered, had a calendar date passed to secure a marriage license that would have made these victims of incredible loss also eligible. May God Bless.
2. [National Fallen Firefighter Foundation](http://NationalFallenFirefighterFoundation.org) Supports survivors of our finest.
3. [Wildland \(Fallen\) Firefighter Foundation](http://Wildland(Fallen)FirefighterFoundation.org) to support these survivors as well.
4. [First Responder Benefit Association](http://FirstResponderBenefitAssociation.org) that the [First Responder Task Force](http://FirstResponderTaskForce.org) funds 100% of all administrative costs to provide an immediate source of financial and emotional support for the families of our fallen First Responders.
5. [Tunnels2Towers Foundation](http://Tunnels2TowersFoundation.org) – To honor and contribute to our military and first responders who make the supreme sacrifice of life and limb for our country.
6. Next, I request all support for the mission of Mr. Paul Samakow, Esq., Founder of <http://NationalBurnPreventionDay.org>, every year on May 19th. A nationally recognized TOP personal injury attorney and five-time author who represents 'Burn Survivors' to help eliminate the risk of being <http://TwiceBurned.com>. His site is a catch-all to donate to non-profit programs that support firefighters and youth 'burn camps' to provide critical emotional support for countless maimed children as well.
7. <http://PatriotPaws.org> Incarcerated women serving life sentences extend their deep love to train puppies to serve as companion pets for our surviving veterans.
8. <http://LostPaws.info> - My non-profit to allow any pet owner to publish and reconnect with any lost and found family member 24/7/365! Registered by every international Zip Code, parties can connect within hours and not in days after

distributing hundreds of flyers to endure the excruciating wait praying a party schedule a vet appointment to scan for a chip. All money donated helps pay outstanding veterinarian expenses primarily intended for low-income families.

9. **Sivad Johnson, Sgt., Detroit Fire Department** – A firefighter who lost his life while saving three (3) drowning victims, yet was tragically swept away in the same river. Even worse, his 10-year old daughter was the first to call 911. A true example of how firefighters are NEVER off-duty yet always risk the ultimate sacrifice for others.

In that, 50% of ALL total gross sales of the Android and iOS (Apple) versions of both the <http://WildlandHydraulicsApp.com> and <https://WaterTenderApp.com> will be donated evenly above.
